Beastly Babies

Jackson, Ellen

Illustrated by Brendan Wenzel

New York: Beach Lane Books, 2015

9781442408340

This book depicts and explains some actions of a variety of baby animals with their mothers. The text rhymes all the way through and the pictures are both cute and comical. This book can teach young children about what different animals do and how their mothers care for them. The title is a play on the fact that it talks about animal babies and that the animal babies are often misbehaved and cause their mothers to work hard. Recommended
